## 3000w solar inverter for sale in Kuala-Lumpur

What is a 3000W solar inverter?

A 3000W solar inverter converts 12V,24V,or 48V DC power from your battery bank into standard 120V AC power that runs household appliances. The "3000W" rating refers to the continuous power output capacity,meaning it can safely deliver 3000 watts of power indefinitely under normal operating conditions.

Do you need a solar inverter in Malaysia?

Save on utilities and improve your way of living with the right solar system in Malaysia. While all devices and electric grids running on electricity use AC; therefore,it's imperative you switch the solar power being generated through your system with an inverter. Here's what an inverter exactly does.
