## Australia's new energy range extender battery cabinet

What storage solutions are available for battery energy batteries?

Our space efficient storage solutions for batteries are designed to accommodate vertically or horizontally installed Battery Energy batteries. Horizontal rack configurations offer a minimum 600mm x 600mm footprint of and can cater for up to eight fully adjustable shelves.

Is Sigenergy the best solar battery manufacturer in Australia?

Future-proof your home with reliable and cost-effective solar energy solutions. Sigenergy was ranked the No. 1 battery manufacturer in Australia by blended capacity for the month of March 2025, according to the latest report from SunWiz, an independent expert solar consultancy.

What are the best battery cabinets?

The PEW3 & PEW4 are our most compact battery cabinets in the range. These cabinets are an optimal choice for smaller systems. The size and construction of the PEW cabinet makes it well suited for secure installation in tight spaces and residential properties. Additional cabinets can be added for expansion as required, maintaining the low profile.

What is a battery energy adjustable rack?

The Battery Energy adjustable rack will house most of our product range and can be supplied with battery isolation if required. Battery Energy outdoor lockable enclosures help keep your investment secure in a thermally managed environment.
