## Cape Town solar Glass Screen Manufacturer

Who is solar screen?

Solar Screen was established in South Africa in 1978, and since have grown into the successful company it is today! We pride ourselves on our good quality work done on your vehicles and buildings.

Are solar screen films registered with miosa?

For further piece, of mind we are also registered with MIOSA. The simple procedure of adding window tinting film to a building's windows can be one of the most important things an employer or home owner can do. Solar Screen films provide benefits for not only you and your employees or family, but your bottom line as well.

What is smart glass technology?

Smart glass technology allows 100% utilization of storefront windows for advertising or can be made completely transparent to allow views into a store. A retailer's windows can become rear-projection screens promoting retail branding and products without permanently blocking windows with traditional signage or tv screens. [Learn More](#) Made of?
