# Charging solar container outdoor power with lighting

What is a shipping container solar lighting kit?

Shipping Container Solar Lighting Kits provide lighting in shipping containers and storage areas with 2 days of battery technology for cloudy, rainy, or snowy days with 8 hours per day of run time.

What is a mobile solar PV container?

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Fast deployment in all climates.

What are solar lighting fixtures for shipping container?

Sun-In-One LED lighting fixtures for shipping container solar lighting kits provide you with enough light to get equipment or supplies out of the container, up to high-quality lighting, and allow you to use the shipping container as a workshop and have enough light to do fine detailed work.

Can you put solar power in a shipping container?

There are many ways to skin a cat, and even more ways to add solar power to a shipping container. To be fair, I cheated a bit. Well, not really cheated, but I just went with a retail solar generator system instead of DIYing that part myself from "la carte" components.
