Will Sungrow cooperate with Egypt to localize energy storage battery industry?

Cao highlighted his company's expertise in manufacturing power plant components and energy storage batteries, adding that Sungrow is ready to cooperate with Egypt to localize the energy storage battery industry.

How much solar power does Egypt have in 2022?

The Egypt solar photovoltaic includes an installed capacity of around 1.7 GW in 2022. Out of the total, nearly 90% of the capacity is on-grid, while others are off-grid. Egypt connected a large solar energy capacity to the grid over the past few years. Most of this capacity is from large-scale ground-mounted projects.
