## Colombia Mobile Outdoor Power Cable

What color are Colombia AC power cords?

INTERNATIONAL CONFIGURATIONS, INC. Colombia Type B power cords are black as standard color. Colombia power cords in white or gray are special order. Custom length and shielded Colombia AC power cables available. Terminated, custom stripping, hanked Colombia cords available. IEC 60320 C-15 120C connector available on some Colombia AC power cords.

Is a cable suitable for outdoor use?

For a cable to be considered suitable for outdoor use, at least it must be weather resistant. Typically, weather resistance requires protection against signature ambient temperature ranges, UV rays, ozone, and water.

Should you use outdoor extension cables for long-term uses?

If you plan to use outdoor extension cables for long-term uses like lighting lawns, you need a permanent solution for electrical safety. Basic extension cords are not recommended for long-term power needs. Instead, you should consider using outdoor underground cables.

What are the different types of outdoor cables?

Several cables are ideal for outdoor use. Most of us mistakenly think that outdoor wire is similar to outdoor cable. A wire is a single conductor whereas a cable is a group of conductors made of a common material. There are different types of outdoor cables. The most commonly used outdoor cables are outdoor-rated cables and direct buried cables.
