# Commercial Grade Uninterruptible Power Supply

What is an uninterruptible power supply (UPS)?

An uninterruptible power supply (UPS) provides a source of power for the equipment it protects. If there is a disruption to power, the UPS has an on-board battery to automatically supply to electrical equipment until the disruption is over or back-up generators kick-in. What is a WIMES UPS?

What is an industrial UPS system?

The industrial UPS systems produced by SCU, a professional UPS supplier, are specially designed for industrial application with high performance, high efficiency and high protection level. The industrial UPS system provides uninterrupted high-quality industrial uninterruptible power supply for modern manufacturing.

Why should you choose SCU power supply for industrial use?
