# Cost of High-Temperature Resistant Folding Containers

Why should you choose insulated containers?

Whether food, medical products or sensitive goods - our insulated containers ensure reliable temperature maintenance to keep your products fresh and safe at their destination. With high-quality materials and sophisticated design, we combine excellent protection with easy handling and sustainable reusability.

Why should you choose a thermocontainer?

Made of resistant EPS and robustly constructed, the thermo container offers high stability and is particularly suitable for the storage and transportation of medical products or perishable goods. Thanks to the flexible sizes and individual adaptations, the Thermocontainer can be tailored to specific requirements.

What is a Feurer insulated container?

FEURER insulated containers offer the ideal solution for the transportation and storage of temperature-sensitive products. Whether food, medical products or sensitive goods - our insulated containers ensure reliable temperature maintenance to keep your products fresh and safe at their destination.

What is a thermocontainer Max?

Lightweight yet stable, it protects products from temperature fluctuations and thus enables safe transportation. The Thermocontainer MAX offers 862 liters of volume in a compact 120x80 cm. Robust, lightweight design ensures safe, environmentally friendly transportation of food.

18. Impervious to acids, fats, solvents, and odours 19. Resistant to moisture, insects and fungi
