# Equatorial Guinea Communications Green Base Station Line Construction

Why did GETESA become a national mobile network of Equatorial Guinea?

This paper focuses on the modernization of the first national Mobile Network of Equatorial Guinea, called GETESA. The government's decision to invest and take full control of the network was motivated by the lack of network quality, which had poor capacity, with 69% of the network coverage Received-Signal-Code-Power (RSCP) below -95dBm.

How many telecommunication companies are in Equatorial Guinea?

Equatorial Guinea has three telecommunication companies: GETESA, Muni and Gecomsa. Getesa is the largest and the historical Equatorial Guinea telecommunication company established in 1987. The Government of Equatorial Guinea holds 60% of the company whereas France Cable held 40% until it transferred its shares to Orange in 2010.
