
Expandable Foldable Containers for Chemical Plants

What is a foldainer expandable container?

Aiga Concept's Foldainer expandable containers represent a revolutionary advance in the modularity and efficiency of mobile structures. These innovative containers are designed to offer exceptional flexibility, with the ability to extend and retract according to the specific needs of each project.

What is the best expandable container?

Aiga Concept's Foldainer also stands out as the only expandable container on the market with a unique feature when closed for transport. Unlike competing structures, the Foldainer's side panels are made of corrugated container steel, rather than lightweight sandwich panel structures.
