Where can I buy an inverter in Australia?

Share contact information, store details, and brand content with your customers.

Inverter.com.au is the online inverter store for Australia's best inverters. Suppliers of quality inverter, sine wave inverter, inverter charger, solar inverter and off grid solar systems, power inverter technology for over 20 years.

What is the best solar inverter in Australia?

And bear in mind that even the best solar components can be negatively impacted by poor installation, so choosing a good accredited installer is as important as choosing the right device. According to 161 Aussie installers, the best solar inverter in 2025 is Fronius, followed by Sungrow, and Goodwe.

Are solar inverters safe in Australia?

Most solar inverters supplied by reputable retailers in Australia are OK, with the emphasis on "most." However, some horrible devices still being installed today have somehow managed to pass Australian compliance testing. These will likely cause their owners some heartache and hip pocket pain down the track, so make sure you're not one of them.

How much does a solar inverter cost?

The inverter can represent around 20% of the cost of a solar power system. For example, decent-quality 5kW solar inverters, which can support up to 6.6kW of panels, start at \$1,000 for budget single-phase models (e.g., Sungrow, Goodwe, or Solis) and up to \$2,000 for premium single-phase models (e.g., Fronius or SMA).
