Who makes LV switchgear?

Our goal then and now is to provide quality LV switchgear on time. With over 30 years of panel design, research and manufacturing from its parent company, ME Switchgear offers a wide variety of fully type tested, LV Switchgears, including MDBs, MCCs, Synchronizing Panels, Capacitor banks and much more.

What is a switchgears panel?

Switchgears Panels are extensible on both sides. These panels are used for power factor correction and manufactured as indoor units with fixed or automatic capacitor switching. The panel is designed to align and couple with the LT distribution panels. If requested, reactors can be used to eliminate unwanted harmonics.
