# How many brands of solar panels are there

Who is the best solar panel manufacturer?

The top global solar panel manufacturers, based on how many they ship, include JinkoSolar, JA Solar, Trina Solar, and LONGi. However, the best manufacturer for your solar project will depend more on whether their products suit your budget, needs, and lifestyle.

Which country produces the most solar panels in the world?

The Asian industry continues to dominate the global ranking of solar panel manufacturers. Chinese companies hold eight of the top ten spots, including the entire podium. Who are the top 10 photovoltaic module producers in the world?

Who is the largest solar panel manufacturer in the world?

JinkoSolar is the largest solar panel manufacturer in the world. The Shanghai-based company shipped 47.2GWp of solar panels in 2024's first six months, more than any other firm.

JinkoSolar has 14 factories in China, Malaysia, Vietnam, and the US, and 57,000 employees, with 1,500 working in the firm's eight research and development centres.

What percentage of solar panels are made in China?

China produces 86% of the world's solar panels each year, according to Germany's Fraunhofer Institute for Solar Energy Systems. In comparison, Europe and North America each produce around 2%. It therefore makes sense that eight of the world's nine largest solar manufacturers are based in China.

56 Solar Panel Manufacturers in 2025 This section provides an overview for solar panels as well as their applications and principles. Also, please take a look at the list of 56 solar panel ...

Choosing the right solar panel brand is one of the most critical decisions you'll make in your solar journey. With solar panels designed to last 25-30 years, selecting a reliable ...

Get access to our exclusive list of the most relevant solar panel manufacturers worldwide. Including information like GW capacity and contact details.

For instance, some brands may focus on producing high-efficiency solar panels, while others prioritize affordability and accessibility. Brands like LG and SunPower often lead ...
