
Huawei Tokyo solar Glass Factory

Did Huawei participate in Japan international Smart Energy Week 2025?

[Tokyo, Japan, February 19, 2025]- Huawei Digital Power participated in the Japan International Smart Energy Week, which was held at Tokyo Big Sight from February 19th to 21st, 2025.

Will photovoltaic cells be made in Japan?

The photovoltaic cells will be manufactured in Japan and the glass will be manufactured with cooperation from local partners. I hope that we can spread our photovoltaic power generation glass to many countries." Advanced glass developed in Japan may come to change the windows and walls of the world.

What is Huawei digital power?

Huawei Digital Power showcased cutting-edge energy solutions at two prominent venues: the Japan International Battery Expo (Battery Japan) and the Japan International Photovoltaic Expo (PV EXPO).

What are Huawei energy storage systems?

In the rapidly growing large-scale energy storage industry, Huawei's energy storage systems have earned widespread recognition in the Japanese market. Huawei is introducing the next-generation LUNA2000-4472-2S and LUNA2000-4.5MWh battery energy storage systems, both offering higher energy density through the latest liquid cooling technology.
