# Laos Solar Container Fast Charging

How many DC fast charging stations are there in Laos?

In a significant stride towards sustainable mobility, the CEO of LOCA announced at the ZEEKR Launch event that the company is now operating 20 DC Fast charging stations across Laos. Demonstrating an ambitious vision for the future, LOCA aims to double this number, reaching a total of 40 stations by the end of 2024.

How many fast-charging stations in Laos in 2024?

LOCA, a leader in electric vehicle (EV) infrastructure, has achieved a significant milestone by installing 40 fast-charging stations across Laos in 2024.

How long does it take to charge an EV in Laos?

The company's fast-charging stations deliver power at 120-240 kW, allowing EVs to fully charge in just 20-30 minutes. Through the LOCA EV app, users can locate and navigate to charging stations nationwide, view real-time usage status, and ensure worry-free travel from Laos' northernmost to southernmost points.

Why did Loca announce EV charging infrastructure expansion in Laos?

This announcement underscores LOCA's commitment to expanding electric vehicle (EV) charging infrastructure, aligning with Laos's national goals for economic and environmental sustainability. The government of Laos, along with parliamentary support, has endorsed the EV transition as a strategic response to economic challenges.
