
Latest price of solar n-type modules

How much does a PV module cost in China?

According to price analysis firm InfoLink: "Since March, the spot price of n-type modules in China has soared from RMB0.7/W to RMB0.73/W. Quotes from leading manufacturers are approaching the RMB0.75/W mark." The results of the China Datang Group's 2025-2026 PV module framework. Image: Datang.

How much will PV modules cost in 2025?

On 11 March 2025, the results of the China Datang Group's 2025-2026 PV module framework purchase tender were announced, with the spot price of n-type modules increasing from RMB0.7/W (US\$0.097/W) to RMB0.73/W (US\$0.1/W), and some modules priced as high as RMB0.75/W (US\$0.11/W).

Why did n-type modules become a market benchmark?

This seemingly ordinary tender became a market benchmark because of the record-breaking transaction prices. According to price analysis firm InfoLink: "Since March, the spot price of n-type modules in China has soared from RMB0.7/W to RMB0.73/W. Quotes from leading manufacturers are approaching the RMB0.75/W mark."

How much does N granular silicon cost?

According to data from the Silicon Industry Branch on 12 March, the transaction price for n-type recycled material this week was RMB39,000-46,000/ton, with an average of RMB41,700/ton. The transaction price for n-type granular silicon was RMB38,000-41,000/ton, with an average of RMB39,000/ton.

In the short term, further price declines are unlikely. In the long term, cell prices will mainly track upstream raw-material price movements. PV Modules The deepening of the ...

The average price of n-type material reached RMB41,700/ton (US\$5,933), up 0.24% month-on-month, while other quotations remained ...

The average price of n-type material reached RMB41,700/ton (US\$5,933), up 0.24% month-on-month, while other quotations remained stable.

We examine the latest solar panels and explain how advanced PV cell technologies help improve performance and efficiency, ...

InfoLink Consulting provides weekly updates on PV spot prices, covering module price, cell price, wafer price, and polysilicon price. Learn about photovoltaic panel price trends ...

After a brief pause during the SNEC 2025 week, TaiyangNews returns with the latest PV Price Index, highlighting a largely positive week for upstream players in Calendar ...

Since mid-January, there's been a steady rise in polysilicon costs, especially for n-type

materials, leading to talks of an imminent ...

Competition, oversupply to reduce n-type solar module prices Global solar demand will continue to grow in 2024, with module demand ...

Structure of the TOPCon solar cell TOPCon solar cells can be manufactured as n-type or p-type solar cells, but the n-type variation has ...

N-type solar modules have emerged as the dominant choice in tenders during January and February in China, comprising over 70% of ...
