# Libya solar Power Generation and Energy Storage Company

Who is Libyan Solar System company?

At Libyan Solar System Company, we are pioneers in shaping Libya's clean energy future.

Will TotalEnergies build a 500MW solar project in Libya?

At the recently held Libya Energy & Economic Summit 2025 (LEES), TotalEnergies announced that it expects to progress its 500MW Sadada solar project this year. The project is being built in partnership with the General Electricity Company of Libya and the Renewable Energy Authority of Libya (REAoL).

What is a 500 MW solar plant in Libya?

Once completed, the 500 MW plant will be one of the largest solar power projects in the region, as highlighted in this PV Know How article. This project is a significant achievement for Libya, a nation grappling with energy shortages and an overreliance on oil and gas.

Should Libya invest in solar power?

By investing in solar power, Libya can diversify its energy mix and reduce its environmental impact. As a long-standing player in Libya's energy sector, TotalEnergies brings the expertise and technology needed to ensure the project's success, signaling strong confidence in Libya's renewable energy potential.
