Iventis is one of the leading stockists of LiFePO4 batteries in NZ with a range of individual cells through to complete battery packs ranging from 6Ah to 200Ah. Shop our extensive range below. Reach out to Iventis, the experts in LiFePO4 battery solutions.

Are LiFePO4 batteries the future of energy storage?

Experience the future of energy storage with LiFePO4 batteries - the superior choice that outperforms traditional lead acid batteries in every way. They're lighter, safer, and offer unmatched longevity.

Where to buy a lithium battery in New Zealand?

Cell-Supply NZ started in 2022 and is based in Tauranga. It's one of New Zealand's top lithium battery shops. With the goal of "bringing cells to those who need them," they offer lithium-ion cells like 18350, 18650, and 21700. These cells have high energy density, low self-discharge, and a wide operating temperature range.

Does New Zealand have lithium resources?

New Zealand has lithium resources, but they're relatively limited. Large-scale lithium mining hasn't started yet. [Related Article](#)
