
Light-controlled outdoor low-voltage solar lights

What are the best outdoor lights for outdoor spaces?

Our top pick for most outdoor spaces is the AloftSun Motion Sensor Solar Landscape Spotlights. We love these lights so much, we've tested them twice. Both times we found them to be durable, easy to use, and bright. We also love that these spotlights can detect motion from as much as 33 feet away, depending on the setting.

Why should you choose solar power lighting?

Coupled with motion detection technology, solar power lighting is a powerful first-level deterrent. Reliable Power Source and Weather Resistant- No grid connection makes our units immune to power outages, however a 4-day battery reserve means that they continue working through inclement weather.
