## MastEK solar container outdoor power

Is Marstek a new manufacturer in the solar market?

Marstek, a new manufacturer, is entering the PV market. Initially focused on power banks, Marstek is now showcasing a range of products for the booming DIY solar market, including a user-friendly, AC-coupled battery solution for balconies.

What is the price of Marstek's balcony inverters?

The balcony inverters, with 2.24 kWh of battery storage capacity, are available on the company's website for EUR1,000 (\$1,070). In addition to using dynamic electricity tariffs, the Venus batteries can also be used for emergency power supply. There is currently no price information for the plug-in home storage systems on the website.

How much power does Marstek have?

On the DC side, Marstek's solar panels can connect up to 2,000 W of module power. On the AC side, the maximum output is 800 W. First, Marstek offers the Jupiter platform, a fully integrated storage system for balconies, in 2.56 kWh and 5.12 kWh variants.

Does Marstek offer a battery storage system?

Marstek offers a battery storage system called Venus. It comes in a 5.12 kWh version and can be easily installed by plugging it into a household socket. Additionally, Marstek guarantees 80% capacity retention for 6,000 cycles.
