# Multifunctional portable power supply wholesale in South Africa

What is a magneto portable power station?

Magneto Portable Power Stations will provide you with electricity during load-shedding, power outages, or for outdoor use where no power is available. In a nutshell, a Power Station is a potent, all-in-one battery and inverter, able to store electricity via charging, and supply it to your devices as you need it.

What is the best portable power station for loadshedding?

The Elecstor 1500W Portable Power Station is an ideal solution for any stage of loadshedding. With its fast-charging capabilities, that enable you to recharge the power station from 0% to fully charged within only 2 hours, this power station can keep you prepared for those longer and more frequent scheduled outages.

Who is PSS distributors?

Solar solutions for off-grid applications. PSS Distributors was established in May 1994 and has since become a premier distributor of uninterruptible power supplies, line conditioners, voltage stabilizers, inverters, batteries, solar panels, generators and surge protection products.

What is an uninterruptible power supply (UPS)?

An uninterruptible power supply (UPS) is an electrical device that filters your incoming power and protects your equipment from spikes, dips, surges, high/low voltages and blackouts. Various backup options are available and the period of backup time depends on the client.
