
Phase change solar container energy storage system in Antwerp Belgium

Is totalenergies developing a second battery storage project in Belgium?

Download the Press Release (PDF) Antwerp, April 3, 2024 - On the occasion of Belgian Energy Minister Tinne Van der Straeten's visit to TotalEnergies' Antwerp refinery battery storage project, the Company announced the development in Belgium of a second similar project. The new project will be developed on the site of TotalEnergies' depot in Feluy.

What is the D-Stor battery storage project in Belgium?

A digital illustration of the D-STOR battery storage project in Belgium. Image: BSTOR. Project owners BSTOR and Energy Solutions Group have started building separate BESS projects totalling 440MWh of capacity in Belgium, following financial close, both of which will use Tesla Megapacks.

When will totalenergies start-up in Belgium?

Start-up is expected at the end of 2025. These two projects, which represent a global investment of nearly EUR70 million, will bring TotalEnergies' storage capacity in Belgium to 50 MW /150 MWh. These battery storage sites play a key role in the resilience of the electricity system, providing flexibility and helping solve grid congestion problems.

Does totalenergies have a power plant in Belgium?

TotalEnergies has a portfolio of 450,000 BtC and 100,000 BtB electricity sites in Belgium. TotalEnergies has initiated a battery energy storage project at its Antwerp refinery in Belgium. The installation boasts a power rating of 25 MW and a capacity of 75 MWh, sufficient to meet the daily consumption of nearly 10,000 households.

As of November 22 2025, both phases of the largest battery storage system in Europe have been completed and with the second phase awaiting commissioning.. The company is also building ...

Sweco will design one of continental Europe's largest battery parks, Green Turtle, for the energy storage company GIGA Storage ...

SunContainer Innovations - Antwerp, Belgium's second-largest city, is rapidly emerging as a strategic hotspot for battery energy storage development. With its bustling port, industrial ...

Antwerp, April 3, 2024 - On the occasion of Belgian Energy Minister Tinne Van der Straeten's visit to TotalEnergies' Antwerp refinery battery storage ...

Antwerp, April 3, 2024 - On the occasion of Belgian Energy Minister Tinne Van der Straeten's visit to TotalEnergies' Antwerp refinery battery storage project, the Company announced the ...

Solar energy's growing role in the green energy landscape underscores the importance of effective energy storage solutions, particularly within concentrated solar power ...

A digital illustration of the D-STOR battery storage project in Belgium. Image: BSTOR. Project owners BSTOR and Energy Solutions Group have started building separate ...

When will totalenergies start-up in Belgium? Start-up is expected at the end of 2025. These two projects, which represent a global investment of nearly EUR70 million, will bring TotalEnergies" ...

TotalEnergies is collocating what will become Belgium's first battery-based energy storage system at its 338,000-b/d integrated refining and petrochemical platform near the Port ...

The Antwerp battery project has a power rating of 25 MW and capacity of 75 MWh. The installation will be operational by the end of 2024. The project uses 40 Intensium ...
