Can PNG Power install a solar PV system in Port Moresby?

PNG Power has installed a 150kW rooftop solar PV system at the Mineral Resources Authority (MRA) office in Mining Haus, Konedobu, Port Moresby. This installation was done through PNG Power's two-megawatt rooftop solar PV pilot programme in the Port Moresby grid.

Will PPL develop a dynamic model for the Port Moresby grid?

The Solar Energy Association backs the Independent Power Producers of PNG (IP3) proposal to develop a dynamic model for the Port Moresby grid. This model would help PPL with high level management of grid resources and assist with future integration of solar.

Are Papua New Guinea's first electric vehicles coming to Port Moresby?

Papua New Guinea's first plug-in electric vehicles (EVs) - two cargo vans and a passenger bus - have appeared on the streets of Port Moresby. Ruby Gamoga reports. Improved access to finance could the rapid development of solar power, according to Jon Pittar, Managing Director of solar provider, Solar Solutions PNG.

Will solar power be the next stage in PNG?

Electricity in PNG is still very expensive and the cost of solar power continues to fall each year. Now we're seeing similar price drops for batteries, and I think that will be the next stage for solar projects, as many of them will begin to include energy storage.

The Solar Energy Association backs the Independent Power Producers of PNG (IP3) proposal to develop a dynamic model for the Port Moresby grid. This model would help ...

Explore the solar photovoltaic (PV) potential across 9 locations in Papua New Guinea, from Wewak to Port Moresby. We have utilized empirical solar and meteorological data obtained ...
