
Riga Airport uses 250kW photovoltaic folding containers

What is Riga airport's sustainability strategy?

A cornerstone of Riga Airport's sustainability strategy is the updated Net Zero roadmap. The airport has committed to achieving climate neutrality by 2035, substantially reducing greenhouse gas emissions and investing in green technologies.

Is Riga Airport achieving climate neutrality by 2035?

Riga Airport is implementing a range of sustainability measures as part of its goal to reach climate neutrality by 2035. The airport has achieved Level 3 in the Airport Carbon Accreditation programme, reflecting progress in reducing direct CO2 emissions and engaging stakeholders in climate initiatives.

Is RIX Riga Airport sustainable?

RIX Riga Airport has taken significant steps to become a greener, more energy-efficient, and sustainable transport hub in the Baltics. With a series of sustainability initiatives now in place, the airport continues its path towards climate neutrality, creating an environment that benefits both people and nature.

Will RIX Riga Airport achieve net zero by 2035?

The goal is to achieve Net Zero by 2035. RIX Riga Airport has taken significant steps to become a greener, more energy-efficient, and sustainable transport hub in the Baltics.

The total co-financing from the EU's "CEF 2 Transport - Alternative Fuels Infrastructure Facility - Zero Emissions" programme for ...

In a nutshell, folding PV panel containers overcome traditional fixed solar panel limitations of mobility and efficiency by incorporating ...

The implementation of project activities will continue until the project's completion in November 2025 at Kaunas and Vilnius airports. These activities include the construction of ...

Riga Airport is implementing a range of sustainability measures as part of its goal to reach climate neutrality by 2035. The airport has achieved Level 3 in the Airport Carbon Accreditation ...

The total co-financing from the EU's "CEF 2 Transport - Alternative Fuels Infrastructure Facility - Zero Emissions" programme for the project is EUR 3.65 million, which ...

Innovative folding photovoltaic panel containers provide efficient power supply solutions for remote areas, offering flexibility and ...

RIX Riga Airport has taken significant steps to become a greener, more energy-efficient, and sustainable transport hub, with projects ranging from solar parks to electric buses.

RIX Riga Airport has taken significant steps to become a greener, more energy-efficient, and sustainable transport hub in the Baltics. With a series of sustainability initiatives ...

Find all details of Riga International Airport (RIX) in Latvia. Find flights, terminal details, lounge details, how to reach, hotels ...

P& T Containers offers affordable new and used shipping containers in Riga. Explore 20ft, 40ft, 45ft, and 53ft container options with fast delivery and 24/7 support in Riga.
