## Riyadh containerized energy storage policy update

Will Saudi Arabia be able to deploy battery energy storage systems by 2030?

According to Saudi Energy Minister Prince Abdulaziz bin Salman, the nation has set a goal of deploying 48GWh of battery energy storage systems by 2030. This ambitious target not only supports Saudi Arabia's energy transition but also injects fresh momentum into the global renewable energy and energy storage markets.

Is Saudi Arabia a leader in battery energy storage?

Riyadh, February 14, 2025, SPA -- The Kingdom of Saudi Arabia has achieved a leading position among the top ten global markets in the field of battery energy storage, coinciding with the launch of the Bisha Project, which has a capacity of 2000 MWh and is one of the largest energy storage projects in the Middle East and Africa.

How will Saudi Arabia's energy storage system work?

The 12.5GWh energy storage systems will be fully integrated into Saudi Arabia's power transmission network system, playing a crucial role in addressing the challenges accumulated by the increasing number of renewable energy power generation systems, ensuring stable power supply, and meeting peak energy demand.

How big is BYD energy storage & Saudi Electricity Company?

Recently, BYD Energy Storage and Saudi Electricity Company successfully signed the world's largest grid-scale energy storage projects contracts with a capacity of 12.5GWh at the time. Combined with the previously delivered 2.6GWh project, the total cooperation now has amounted to a massive 15.1GWh of projects.

Saudi Arabia's Energy Minister, Prince Abdulaziz bin Salman, stated at an event that Saudi Arabia plans to deploy 48GWh of battery energy storage systems by 2030. The ...

Saudi Arabia has emerged as one of the world's top 10 markets for battery energy storage, coinciding with the launch of the 2,000-megawatt-hour Bisha project, one of the ...

Some energy storage systems such as pumped hydro storage have existed, but, their large size of such facilities limited potential installation sites, and the energy/utilization ...

Saudi Arabia has emerged as one of the world's top 10 markets for battery energy storage, coinciding with the launch of the ...

On April 27, the resonant sound of ship horns pierced the sky as BYD Energy Storage successfully loaded 120 MC Cube-T energy storage system cabinets onto vessels at ...

On April 27, the resonant sound of ship horns pierced the sky as BYD Energy Storage successfully loaded 120 MC Cube-T energy ...
