## Samoa 5g outdoor base station

Will Samoa get 5G?

Samoan customers with compatible 5G devices in and around the Levili Data Centre, FMFMII, NFP building, Tatte building and Frankie mall will be among the first in Samoa to experience the power of 5G. Digicel Samoa CEO, Anthony Seuseu, said: "We are thrilled to be the first mobile network in Samoa to go live with 5G."

What are Digicel Samoa's 5G upgrades?

The upgrades will start with cell tower sites in Apia CBD, to enable Digicel Samoa to introduce 5G capability for its customers, as well as maintain its existing 4G network.

Why is Digicel Samoa partnering with Digicel?

"Digicel Samoa is dedicated to delivering high-speed connectivity and ensuring network security for our customers. This collaboration underscores our commitment to maintaining the integrity of telecommunications infrastructure while advancing 5G technology," added Anthony.

Digicel Samoa announced five 5G sites going live in the Apia CBD, kicking off its 5G rollout and offering customers the opportunity to connect to 5G.

SageRAN Unity(TM) 5G Integrated Base Station leverages the NXP LX2160A platform, featuring low power consumption, easy customization, and high integration capabilities.
