
Solar Container 15kW Purchase Guide Order

Where can I buy a 15kW solar system?

At A1 SolarStore we offer complete 15kw solar systems for sale where all the parts are already picked by our engineers. The majority of commercial-scope systems are grid-tie which means that you retain the connection to the grid when you add solar. Your appliances use solar energy all the time so that your bills decrease significantly.

Does a 15kW solar system have batteries?

You can also go for hybrid variation or 15kw off grid solar system. In this case your system will also have batteries that will be your backup for a power outage. Hybrid systems allow you to retain the option of a net metering but with an interrupted power supply as well. Some ask, how many batteries for 15kw solar system do you need?

What is a 15kW solar system?

Generating approximately 1,400 to 3,000 kWh of energy each month, 15kW solar systems are perfect for homeowners with larger homes and higher electricity needs. Select from an array of 15kW solar systems, including grid-tie with or without batteries and off-grid options. Or reach out to our experts for a custom solar system! Shop What's in a kit?

Which Solar System is best for a 15kW solar system?

Panels from companies Panasonic, LG, REC show great production levels and come with great warranties but going for them will increase your final 15kw solar system price. The configuration also has its impact on the cost. Grid-tie systems are the most simple ones: you only need panels and an inverter as essentials for it.
