
Solar glass mobile roof

What is a solar roof?

Solar Roof is comprised of both glass solar tiles and steel roofing tiles. Glass solar tiles produce energy, while architectural-grade steel tiles add longevity and corrosion resistance to your roof. Both are durable, strong and engineered for all-weather protection.

What is a Solarglass Roof?

The Solarglass Roof is made of transparent tempered glass that is three times more durable than conventional roof tiles. It has the highest ratings in hail (Class 4), fire (Class A) and windproof (Class F) tests, demonstrating excellent durability.

Are solar roof tiles a good choice?

Glass solar tiles produce energy, while architectural-grade steel tiles add longevity and corrosion resistance to your roof. Both are durable, strong and engineered for all-weather protection. With a 25-year warranty, Solar Roof will continue to produce clean energy and protect your home for decades to come.

How does a solar roof work?

Glass solar tiles and architectural-grade steel tiles, vent covers and ridge caps come together to form a roof that is both durable and powerful. Combine your Solar Roof with Powerwall--a home battery featuring an integrated solar inverter for increased efficiency and dependable energy storage 24/7.
