
Solar solar container battery in Alexandria Egypt

What's going on with Egypt's solar project?

Work is underway on a 1.1 GW solar project with 100 MW/200 MWh of accompanying battery energy storage in Egypt. The first phase of the project is scheduled for commercial operation during the first half of next year.

What is Egypt's first hybrid solar and battery project?

The project, billed as Egypt's first hybrid solar and battery project, will be built in two phases. The first will see 561 MW of solar constructed alongside 100 MW/200 MWh of battery storage, with a targeted date for commercial operation in the first half of next year.

How many MW solar & battery storage will be built in 2026?

The project will be constructed in two phases. The first phase of 561 MW solar + 100 MW/200 MWh battery storage is targeted to reach commercial operational date (COD) in the first half of 2026 and the second phase of 564 MW solar in the second half of 2026.

How many MW of solar will be built in 2026?

The first will see 561 MW of solar constructed alongside 100 MW/200 MWh of battery storage, with a targeted date for commercial operation in the first half of next year. The second half of the project, comprising a further 564 MW of solar, is scheduled for completion during the second half of 2026.

Norwegian renewables developer Scatec has received the cabinet's approval to proceed with a major hybrid solar and battery storage project in Egypt, which can produce 100 ...

Oslo/Cairo, 05 May 2025: Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. ...

The integrated solar-plus-storage facility aims to enhance grid stability by enabling solar power use after sunset. Trina Storage delivers 300 MWh battery storage project in Egypt ...

The 1.1 GW solar project with 100 MW/200 MWh battery energy storage will be Egypt's first hybrid solar and battery project.

Oslo/Cairo, 05 May 2025: Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. The energy will be sold under a USD ...

Work is underway on a 1.1 GW solar project with 100 MW/200 MWh of accompanying battery energy storage in Egypt. The first phase of the project is scheduled for ...

Oslo/Cairo, 08 December: Scatec ASA, a leading renewable energy solutions provider, has signed shareholder agreements with Norfund, the Norwegian investment fund for developing ...

Scatec ASA has officially commenced construction on its landmark 1.1 GW Obelisk solar power project in Egypt, which includes an integrated 100 MW/200 MWh battery energy ...

The first phase of the project is scheduled for commercial operation during the first half of next year and the site is backed by a 25 ...

The integrated solar-plus-storage facility aims to enhance grid stability by enabling solar power use after sunset . Trina Storage delivers ...
