What Is an Uninterruptible Power Supply (UPS)?

Who is IPD power supply?

IPD is a US Power Supply manufacturer of AC-DC & DC-DC supplies ranging from 25-400 watts. Since our founding in April of 1985, we have been committed to on time delivery of quality product while minimizing our environmental impact. Reduced environmental impact is achieved by constantly improving power supply efficiency.

How does an uninterruptible power supply work?

The uninterruptible power supplies have e.g. an adjustable maximum buffer time to protect the battery and the unit protects the battery from going into a deep discharge. Draining the battery all the way down can damage it in a very short period of time, especially if this occurs multiple times.

Who makes staticon power supplies?

Staticon Ltd., headquartered in Scarborough, Ontario, is an established manufacturer of industrial/utility station power supply equipment since 1964. The company has been producing Rectifiers, DC UPS Systems, Battery Chargers, Inverters, AC Line Conditioners, AC Transfer Switches, and AC UPS Systems since its inception.
