
Vietnam outdoor power solar panel retail

Why is the solar panel industry growing in Vietnam?

Vietnam's solar panel industry is experiencing unprecedented growth, driven by rising energy demands and the country's commitment to sustainable development. However, challenges such as supply chain disruptions, regulatory hurdles, and the need for advanced technology adoption still impede its full potential.

Where can I buy solar equipment in Vietnam?

Equipment Manufacturers: International solar equipment manufacturers, such as JinkoSolar, Trina Solar, and Hanwha Q CELLS, have a strong presence in the Vietnamese market. These companies supply PV modules, inverters, and other solar components to local developers and EPC contractors.

Does Vietnam have a solar panel market?

Vietnamese solar panel production capacity has grown from 2.5 GW in 2019 to an impressive 18.7 GW by 2024, representing a 648% increase in just five years. This remarkable growth has positioned Vietnam as the fourth-largest solar panel exporter globally, capturing approximately 12% of the worldwide market share.

Is Vietnam a good place to invest in solar panels?
