## Where is the Tiraspol Solar PV site

Where is Tiraspol located?

Tiraspol, city, eastern Moldova. It lies along the Dniester River and the Odessa-Chisinau railway. It was founded by Russia in 1795 alongside a fortress built in 1792 to protect the lands Russia had acquired through the Treaty of Jassy (1792).

What is Tiraspol known for?

The city, with its large Russian population, has been at the centre of a Russian separatist movement east of the Dniester. Although the centre of an agricultural area, Tiraspol is well-industrialized, producing wines, spirits, foodstuffs, textiles, carpets, glass, furniture, and electrical equipment. The city also has a teacher-training institute.

When was Tiraspol retaken?

From 1924 to 1940, it was the capital of the then Moldavian Autonomous S.S.R., established by the Soviets on Ukrainian territory east of the Dniester. Occupied by German forces in 1941, Tiraspol was retaken by the Soviets in 1944.
