## Wholesale 10000 watt inverter in Auckland

What types of solar inverters are available in NZ?

There are different types of inverter available. This includes inverters that can connect to the electricity grid based on your home's connection. One of the most common types of solar inverter in use in NZ, however, is the hybrid inverter.

What types of inverters are available?

These are available as: Single-phase: designed for home and small business applications.

Three-phase: developed for higher yield and more suitable for commercial environments.

Hybrid inverters: have the option to draw power from the grid or your energy storage system.

Hybrid inverters are great during power blackouts.

What payment methods does waveinverter accept?

Payment Methods: We accept payment in store by EFTPOS, Creditcard and Cash. Welcome to Waveinverter at 15 View Rd, Henderson, Auckland. We are a one stop shop for everything related to off-grid power, we look after customers with solar powered homes, marine, motorhome and trade vehicles.
