
Wholesale 240v power station in Uk

Are portable power stations a viable alternative to diesel generators?

Portable power stations are no longer niche products - they're becoming mainstream solutions for construction, infrastructure, and facilities management in the UK. From compact Instagrid units to large-scale hybrid systems from Aggreko, contractors now have a wide choice of sustainable, silent, and reliable alternatives to diesel generators.

What is a portable power station?

Portable power stations - often battery-based and increasingly solar-ready- are becoming a practical option for construction sites, infrastructure projects, and facilities teams. They provide silent, zero-emission electricity without the noise, fuel, or maintenance headaches of traditional generators.

What is the EB240 power station?

The EB240 is a versatile portable power station with a massive 2400Wh capacity and a continuous 1000W inverter. It's suitable for home use, power outages, outdoor camping, van life, and more.
