
Wholesale solar power supply in Canberra

How much do solar panels cost in Canberra?

With an average cost of \$4,270 for a 3kW system, the typical cost for solar panels in Canberra is below the national average across 3kW to 10kW systems. A growing market in solar, Canberra offers a range of options for solar self-consumption and feeding energy back to the grid, giving residents a 'credit' for excess solar energy sent to the grid.
