
Yeti solar container outdoor power

Can I use a solar panel with a Yeti 300?

We recommend using the Nomad 50 Solar panel with the Yeti 300. To charge the Yeti 500 or Yeti 700, we suggest the Nomad 100. The Yeti 500 and Yeti 700 can handle up to 200 W of solar input if you use an adapter. Can I use the power station indoors? Yes. Our power stations are safe to use indoors.

How much power does a Yeti 200X have?

Helpful? Our lightest portable power station delivers 187 Watt Hours in a compact, ultra-portable design. Perfect for keeping your essentials charged from door to destination and back again. Charge the Yeti 200X from the sun with our portable solar panels while away from the grid and keep it topped off from a wall outlet when you're home.

Is a Yeti power station waterproof?

This portable power station is versatile enough to help out during a power outage at home and tough enough to handle mud, dirt, dust, water, and more. It has an IPX4 outdoor rating and is water resistant and dustproof. Take it on camping trips or to the beach, tailgate parties, and music festivals. Which Yeti Power Station is right for you?
